

Stickshifts & Safety Belts. Original in E, perform in A.

Intro 6.5 measures

[Verse 1]

Stickshifts and safety belts
Bucket seats have all got to go
When we're driving in the car
It makes my baby seem so far

[Chorus]

I need you here with me
Not way over in a bucket seat
I need you to be here with me
Not way over in a bucket seat

[Verse 2]

But when we're driving in my Malibu
It's easy to get right next to you
I say, "Baby, scoot over, please"
And then she's right there next to me

[Chorus]

[Bridge] ("cars" get a 11 count)

1 2 3-11 12 14 15 16
Well, a lot of good cars are Japanese
Yeah, but when we're driving far, I need my baby
I need my baby next to me
Huh-huh

[Verse 1]

Well, stickshifts and safety belts
Bucket seats have all got to go
When we're driving in the car
It makes my baby seem so far
